

OC Mission, Vision and Values

August 1, 2019

Mission

Old Chatham is a private club offering a sanctuary for those with a passion for golf built around exceptional camaraderie, service and amenities.

Vision

Old Chatham will be a nationally recognized club which provides an exceptional golf experience. Through a classic course, the understated elegance of the facilities and outstanding service, we will attract members who share a passion for the game of golf. The Club was conceived as and will forever be a gathering of friends around the game of golf.

Values

Old Chatham is guided by an enduring set of values which defines our relationships with members, employees, and the golf community. These core values are the key to our success as a club. In short, we believe that how we do things is as important as what we do.

Camaraderie

Our members should build enduring relationships with fellow members.

Accountability

As members of the Club, we will act like owners. On a daily and continuous basis, each member will work to improve our club and facilities.

Respect

We will treat fellow members, guests and staff as we expect to be treated. We will support amateur golf and honor the history of this great game.

Excellence

We will be a Club of values, with limited rules to support these values. We will seek excellence by welcoming as members those who share our values.
